

Press Release, 23 February 2017

## Istanbul's new airport chooses Systemair

**Systemair ABs (NASDAQ OMX Stockholm: SYSR) company in Turkey has received an order for 531 Model FL NG series air handling units and 5630 fan-coil units, of a value of approx. EUR 9.5 million, to the new airport in Istanbul.**

The new airport is one of the largest ever infrastructure projects in the Turkish Republic, where flights to more than 350 destinations will take place. The project will be staged in four phases and the first new airport phase will be opened during 2018.

"We are proud to be selected to deliver to this largest ever infrastructure projects in the Turkish Republic. This new order confirms that our customers have confidence in our quality and reliability." says Ayça Eroğlu, Managing Director Systemair Turkey.
